

# Wednesday, March 18th, Woodbury voters must elect a Village Mayor & two Trustees.

## Here are the choices:

### The Common Sense Party pledge to reduce taxes and protect all taxpayers:

- Merge the Town & Village into one government with the adoption of special legislation
- Obtain any and all Federal stimulus monies available to Woodbury
- Adjust all non-emergency spending & purchases to reflect harsh economic conditions
- Support & encourage local businesses to expand our tax base without impacting schools
- Maintain current zoning. Complete & abide by the updated Comprehensive Plan

**The Common Sense Party has earned the endorsement of  
The Honorable Nancy Calhoun, NYS Assemblywoman, 96th district**

**Assemblywoman Calhoun reports,**

“Special legislation is crafted and passed all the time in Albany. I have already requested that a research analyst, in Albany, find a way to have the two entities (Town & Village) come together while retaining the integrity of the Village of Harriman. I am totally committed to make this happen.”

### The other Candidates believe the two Woodburys should continue the way they are with:

***Two*** groups of paid elected officials and their expenses, ***two*** lawyers and their fees, ***two*** clerks and their salaries, ***two*** tax collectors and their salaries, ***two*** tax bill mailings and costs, ***two*** liability and health insurance policies, ***two*** audits, ***two*** budgets, ***two*** budget officers and their salaries, ***two*** back office operations including equipment and supplies, ***two*** sets of code books, ***two*** sets of records, ***two*** elections with their associated costs, ***two*** memberships in municipal and other organizations and the ***double*** expense of operating and maintaining both a Village and Town Hall. Plus the ongoing inefficiency of ***two*** governments, with ***two*** visions for Woodbury, operating in the same geographic space at the same time.

## STOP THE MADNESS

# Vote: Queenan - Egan - Flood (Row A)
